welcome

As I sit down to write this year's welcome letter, I'm taken aback by the realization that this is Divas and Donors' 10th anniversary! Our 14th {ELITE} Female Sale overall if you include the early days of Girls Gone Wild. Man I'm old!!

The truth is, I'm even more taken aback by the thought of the amazing people, families, and customers we've crossed paths with over the years. What a blessing! It's obvious to me now that I had to grow up and see my own boys growing up to truly understand just how special this adventure has been!

We have seen dreams achieved, goals surpassed, and as with everything, some heartbreak. The truth is, I wouldn't trade it for anything, and I thank each and every one of you from the bottom of my heart. To all the friends, family, customers, and employees – THANK YOU! This didn't happen without you.

Last but not least, this year's offering is GOOD! Real good! They are by far the deepest set we have ever offered in multiple breeds. We have high expectations for these ladies and look forward to the upcoming show season and calving reports this spring from these top shelf breeds! Please call any of us with questions on any of these Divas and future Donors as we love to talk cattle!

We look forward to seeing you in Dixon on the 26th, and again Thank You for your continued support and friendship!

Sincerely,  
Jeff Paulsen

DAM : 52B (BROKER X SHE'S SO SWEET)

In past years, we've had some pretty special lot one females in our Divas and Donors sale, and this year we are falling right in line with this purebred. A baldy Pays to Believe female that's a perfect combination of power, agility, and look. Square built from the ground up with tremendous rib and a real flare for catching your attention. She stems from a program for which I have the utmost respect and admiration. Jamie and Jackie know their cattle, and when I visited this spring I knew we had our lot one. She is a standout in a standout set of purebreds. Make the drive to Dixon and see for yourself.

Diamond – Dam of Lots 02 and 03

To say that the arrival of the Broker x Diamond's this past spring was highly anticipated would be an understatement. Like a three year old at Christmas, I watched the cameras like a hawk when these matings were set to arrive! Being full sibs to the Grimm family Reserve National Champion and just being out of the great Diamond herself was enough to keep me up at night. This mating has far exceeded our expectations producing both national caliber females and a to-be-named new promotional stud bull for Wade Rodgers, Campbell Land and Cattle, Udell Cattle, and Paulsen Cattle. Full sisters to these two beauties (Lots 02 & 03) have already commanded \$50k and \$10k respectively, with more full sibs selling at Jones Cattle.

Grimm's Reserve National Champion – Full Sister to Lots 02 and 03

To me, **Lot 2** is Diamond's carbon copy with a pinch of power, bone, and foot. When she's in the picture pen, you can't look away. It is so hard to build a Simmental like this, especially a purebred. She will be a force all year in the ring, and you better buy an armored car when she hits the donor pen! Her mother was unbeatable when campaigned by the Bloomberg family, and we know Diamonds Dejavu will be too.

**Lot 3** definitely reminds me of the Grimm heifer when she sold just two short years ago. Wild necked with unparalleled presence and design. She is so sexy to look at when she poses – and a heart stopper on the move! To think what this one will look like as a bred is chilling. I promise these two Broker x Diamond females will see their fair share of purple and green!

One special ginger! No, I'm not talking about myself; I'm talking about this striking red baldy sweetheart. This little lady hasn't had a bad day in her life. I don't know how you make one better looking, more flexible, bigger bodied, and this stout – and then have it all blend together so damn nice! She hits you like a heart attack and combined with a rock star pedigree, she's ready for big things. Come on! Who doesn't love a ginger?

BFSC Lasting Impression – Dam of Lot 05

We visited Kip early this year to find an elite set of purebred females running around from his extensive donor battery. At the top of the pole we found this baldy beauty. Out of a past Divas and Donors highlight that commanded 40k for half interest, this female out of the red hot Loaded Up hit us hard with her gorgeous outline and tremendous balance. Wild necked for a purebred with great feet and legs. A female this good, backed by a cow this potent, how could you possibly go wrong? A very special baldy female ready to hang banners!

Hold on to your hats, buckle your seatbelt, and get ready for one hell of a ride! Sired by the hottest bull in the breed, out of the high selling lot in the Circle M dispersal, and absolutely flawless in her build, this one is SPECIAL! Pencil necked coupled with her killer design – this one will get anyone excited about Simmental cattle. Her dam, Time to Shine, is just starting to write her page in the history books. And may I remind you that she is a full sib to the infamous Diamond. Time to Shine herself was a many time champion, and it's obvious her genetics are strong with this specimen. She is ELITE!

When Derek called and said he thought he had one that I definitely needed, I was excited. He's one of those guys that doesn't brag unless he has a reason – and with this one, he definitely does! So elegant in her front one third and square built from behind, she's hard to poke a hole in. Backed by a great dam and breed leading genetics. If you are hunting one that can stand the heat at any level you better pay attention here. She's right for the times and ready for the ring!

A full sister to the four time National Champion “Boots”! Boots buzz sawed through Junior Nationals, Kansas City, Louisville, and Denver in wrecking ball fashion. This gorgeous baldy is ready to walk in her dominating full sister’s steps with her big sweeping belly, long skinny neck, and beautiful baldly face. Rarely do you get an opportunity to pursue a full sib to a dominating female that has the goods herself to walk the walk. Opportunity is knocking. You just have to answer the door.

Over time as I look at this one, all I can think about is how amazing she will look as a big bred. She is massive in her rib cage and deep in her center sweep. Good looking on the side with big stout Clydesdale feet. Her mother was a great champion exhibited by the Griswold family of Iowa. She will be the kind that’s easy to maintain and fun to show. Modern pedigree by a proven cow with a bright future!

Just. Plain. Good. I wish we had 50 of her. You can't go wrong with females like this. So well built from the ground up. Plenty of look, plenty of power, plenty of GOOD! She's backed by a many time champion Broker female, that's a mainstay in the donor program for Campbell Land and Cattle, Dunk Cattle, and Paulsen Cattle. Another one ready for the tan bark – and ready to get her picture taken for sure!

Donor cow alert! Cow power is abundant in this gorgeous baldy from our buddy Jake Moore. Jake is assembling some of the best Simmental and SimAngus females in the nation, and females like this are an example of their potency. The dam of this powerhouse female is a full sister to Silvertowne's Onyx donor, and we all know about her show ring domination and ability to produce. If you want breed leading genetics and a high end female backed by proven females, then your search is over.

Big legs and feet, great big belly, and the look of an incredible front pasture female. The kind that never has a bad day. She is sired by a Pays to Believe son out of the great S12X donor that raised the 2014 Kansas City Champion Simmental Female! This easy keeping, eye catching young lady will run hard on the tan bark and even harder for your checkbook in production. Don't miss out on quality females like this!

Whether you are an elite show heifer home, a high end heifer trader, or just a cattleman who loves good stock – then you will love this female. Way sound and way complete. When I called my buddy Jackson back in August to see what he had around, he informed me he thought he had a pretty special flush out of a brand new donor. He decided to send one up after a little begging and right off the trailer, boy was I glad he did! This one is today's show heifer – long and flat smooth muscle, bold ribbed with great feet and legs, and that head turning look. Want some icing on your cake? She also dual registers! Low % Simmental and high Chi. No matter how you want to show this big time prospect, she can handle the heat. A real standout in a deep group.

This one is the epitome of what I want when I breed a Simmental bull to an Angus cow. When you can get half blood females out of a great bull like Broker that look like this, it has to make the preachers of API feel foolish. This is good cattle. Period. I don't know what I would change on this one. She is so complete and so good everywhere – she could be pink, and I wouldn't notice. I will make a prediction; Lot 17 will see more than her fair share of purple banners on many levels. Do you want to show her? Or against her? That's your call.

In limited first year use and exposure, all I can say is I can't wait for a bunch more Distinction's! This one has been a looker from very early on. She was a popular post on Snapchat and commanded lots of texts and phone calls. This one out on the prowl around the picture pen will definitely demand a double take. So flexible for this kind of power, and so sexy for her amount of burliness. Aside from a stellar show career, I can't imagine the progeny this Diva will raise. One of my personal favorites.

She's a maternal sister to the immortal Diamond. A full sister commanded \$20k and is now in the Jones Show Cattle donor battery. She is long necked, great balanced, and super hairy with a great build. A shining example of genetic predictability. The Strickland Denver champion is no stranger to producing champions herself or generating dollars. Her extremely profitable flush to Pays to Believe produced the popular McGlaughlin champion, and this old school mating to High Regard has proven she's back at the plate ready to swing for the fences! This female is extremely maternal in her design and has a great running gear that can go for days! We really think she will be a great yearling and tough to get around next summer. Stick with predictability, it always pays!

An absolute outlier when it comes to look, build and design in Charolais genetics. When I first saw this stunner at John's in the pasture I knew I was not leaving without her. Wild necked and refined in her skull. So square built from the side and a killer back leg. If all pure Charolais looked like this, I would have a whole herd of these white ones. Yes, you are reading this pedigree correctly. This special female is a Turton back on Turton's dam, the immortal 0641. The old timers say by line breeding a particular line of cattle you can test their genetic potency. I'd say they were on to something there – because boy did it work! This female is so good in her center third. Great turn to the top side of her spine with a great swoop to her lower body. All of her angles are perfect, and when you get up on this one, she's got lots of spread and pin width. This girl will show, and then be a big time donor! Truly a Charolais feature.

She may be young, but her build and outline along with her rock star genetics will have her ready to do battle in no time. Out of the famous 6150 donor of Jeff Jackson's, this little lady was the last of the ET heifers born at Scott's, but on both the spring visit and at pickup time, this little firecracker stuck out like me in a yoga class. Cobra in her front 1/3 with a flat shoulder. Great turn to her rib cage with great feet and legs, and a tail head that sits right where it should. With junior nationals in Des Moines this summer, we dug deep into these Charolais females. It's a can't miss set with something for everyone, especially the fussy!

SHE A LADY 52E  
178

Who would've thought three years ago that Angus sired Chi cattle would be the rage of the show cattle industry? Now, almost every major show heifer sale has one. And the best part? They are good! The maternal appearance and balance of Angus cattle coupled with the look and pizzazz of the Who Da Man lineage make for can't miss progeny. Four of the top five Chi heifers at this year's Junior Nationals were Style x Who Da Man females. Now that's consistency! Our girl is wild necked, great haired, and balanced from end to end. Good stock never go out of style, and this Style isn't about to change that!

*safe terms*

**NOV. 26, 2017 LIVE AUCTION BEGINS AT 1:00 PM CST**

**TERMS AND CONDITIONS:**

Cattle sell per the terms and conditions of their breed associations. Announcements from the Auction Block on sale day regarding the cattle selling in this sale will take precedence over the information printed in this catalog.

No cattle will be loaded until paid for. Terms are cash, check with proper ID, or Master Card/Visa will be accepted with a 3% fee. For example a \$1,000 purchase with your credit card will reflect a charge of \$1,030.

If you cannot attend the sale, please contact one of the owners, sale managers, or consultants for information regarding our sight unseen buyer guarantee. We will arrange for a member of the sale staff to discuss the cattle with you. Bidding can be done via phone or by confidential bid prior to the sale. Please call between November 24 and November 26 to obtain a bidder number.

**REGISTRATIONS:**

Please leave all transfer information with the sale clerks at the completion of the sale.

**LIABILITY:**

Anyone attending the sale attends at their own risk. Dwyer Cattle Services, Paulsen Cattle, Humphrey Show Cattle, the sale hosts and consignors, and the sale personnel will not be held responsible for any personal injury, loss, or theft.

**HERD HEALTH:**

Health papers for interstate travel will be available. Bred females have been pregnancy checked safe by a licensed veterinarian. The buyer has within 21 days following the sale to re-pregnancy test their purchases. If any animals are found open within those 21 days you must notify sale management at once for an adjustment to be made. Updated breeding information will be available on a supplement sheet sale day; this sheet will take precedence over statements in the catalog.

**INSURANCE:**

Insurance will be available through James F. Bessler of Great American Insurance Group, phone 815-899-9121. Talk to Nick Dwyer after the sale to insure your purchases.

**TRUCKING:**

We will assist you in finding the most reasonable trucking options possible.
